

ENHANCE YOUR PBX PHONE SYSTEM:

The PBX phone system is going to IMPROVE your BUSINESS,
XP Voice Media is how you can ENHANCE your PBX system.

PROFESSIONAL VOICE RECORDINGS:

☐ AUTO ATTENDANT

Professional studio recorded, auto attendant voice overs, will deliver a customised message to your potential customer at first contact through your telephone system.

Voice mail box greetings, and after hours greetings can also be recorded to suit your needs, to inform clients "the person they are trying to reach is out of the office, please leave a message." or "you have reached us out side of our office hours, please phone back between 9am and 5pm Monday to Friday."

☐ ON HOLD MESSAGES & MUSIC

Royalty free music from our music library.

General information, branding, diffusing negative emotions, shaping perceptions and impulse buying are all examples of ways to maximise the time a customer spends on hold.

With your new PBX system and these added services from
XP Voice Media the possibilities are endless.

Stimulate a positive perception of your company through
Auto Attendant voice recordings and our On Hold Message systems.
